

April 2020

Dear Student

I know that at the moment, our normality of life is challenged. The government are providing us daily with their recommendations and advice which we must all be adhering to.

I can only imagine how devastating it must be for you to have your SATs cancelled after working so hard all year for them; our Year 11 students are experiencing something similar and I say to you what I have said to them: we must continue on, be kind, be respectful and be a positive member of our community. When the country does get back to normal, we will need to continue with an optimism at our core.

As we wish for you all to be safe, healthy and happy over the coming weeks, can I also stress how important it is to establish a routine at home and continue to learn and read; you will need to in order to prepare yourself for life at secondary school.

I am enclosing some guidance for you about our school and hope that you will find time to read it. Any dates referenced are provisional obviously and will be subject to change or cancellation. There are also admissions forms enclosed for your parents to complete and return to the school as soon as possible.

We will be in touch in a few weeks time to update you, but I just wanted to wish you well and look forward so much to meeting you and welcoming you to our community.

Wishing you and your family all the best in this trying time

Yours sincerely

Stacey Jordan
Headteacher
